

Basil's (Baz) story by Ali Sequeira

Sometime ago we were exposed to the reality of animal farming and felt that we could no longer kill some to feed others. Compassion became the rule in our household and Baz came on the vegan journey with us. He has been a precious family member and now best buddy with Ginge the chicken, both sharing the house and the back yard together.

Despite his 15 yrs Baz still gives the postie a run for his money! We love you Baz!
