

### **Patchie's story by Hannah Azzopardi**

Patchie is a little pocket rocket. Patchie is now seven and has grown up with our daughter, who is ten. Patchie has shown our daughter the love and joy that a dog can bring and can often be found sleeping under the doona with her!

### **Leroy's story by Hannah Azzopardi**

Leroy aka Roy/Mr Brown was adopted through a wonderful rescue – Working Breed Rehab – after he was surrendered with his six brothers and sisters. From the moment we saw Leroy's photos, we knew he was special. Leroy is your typical working breed - smart, loyal, full of energy and loving. Leroy loves affection and loves nothing more than to cuddle and kiss his human friends.
