

Tessie's story by Lois Hayes

Come on mum get out of bed and feed me,
Come on mum get out of bed and give me cuddles,
Come on mum get out of bed the phone's ringing,
Come on mum get out of bed and lets go for a walk,
Come on mum get out of bed, I think a car just came into our drive.

Ok, only the two of us now, let's do this together.
